CEBioForum2027

Central Europe’s Premier Life Sciences
& Biotechnology Partnering Event

Partnering for success
From R&D to market

CEBioForum2027

About the Event & Impact

Connecting the Central European Life Sciences Ecosystem

CEBioForum is the established flagship event driving collaboration across biotechnology, pharmacy, medical devices, and scientific research. We bridge the gap between breakthrough laboratory innovations, high-growth startups, and established global pharmaceutical leaders.

01

400+ Industry Attendees

High-level executives, researchers, founders, technology transfer managers, and business developers.

Central European Epicenter

Strong regional and international presence connecting CEE talent with global markets.

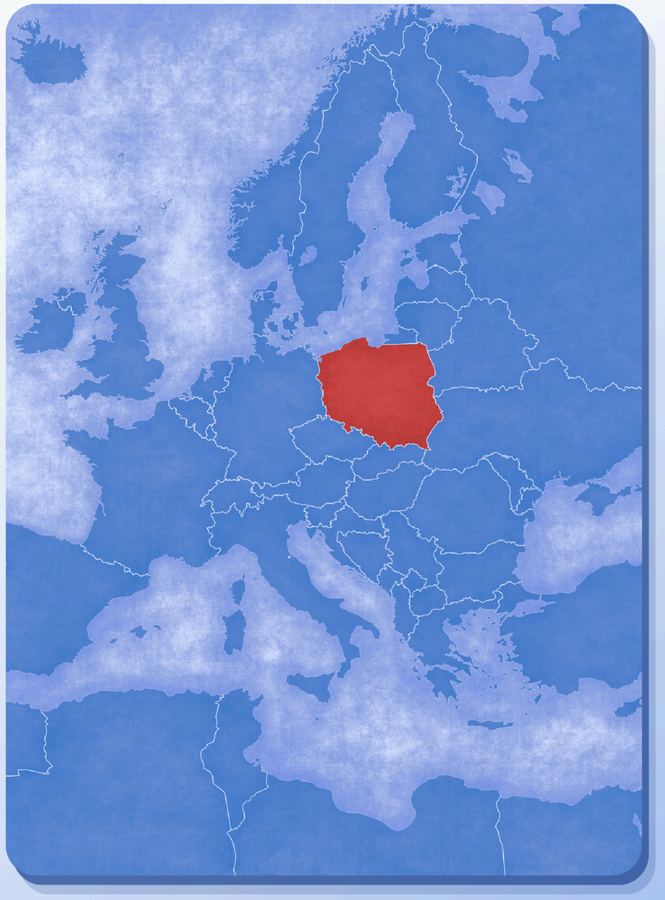

B2B Matchmaking Hub

Hundreds of pre-scheduled partnering meetings fostering direct cross-border partnerships and licensing deals.

Innovation & Awards

Spotlighting the most promising scientific advances and groundbreaking market solutions.

Conference agenda

Partnering for success
From R&D to market

- Investment & Capital Access
- Post-Deal Execution & Governance
- Inside the Pharma Deal Room
- European Biotech Alliances & Cross-Border Clusters
- Poland as a Global CRO & CDMO Hub
- Academic IP to Venture & Early-Stage Scaling

CEBioForum 2027 delivers a two-day, deal-driven agenda focused on **the entire lifecycle of life sciences commercialization**.
Day 1 provides hands-on masterclasses and executive panels on structuring, evaluating, and closing biopharma partnerships.
Day 2 bridges regional European strengths with global capital, featuring venture building, CRO/CDMO market expansion, and direct investor matchmaking.
